

# Common Codes for Certain Merck Products

Below is a list of CPT<sup>®\*</sup> and NDC<sup>†</sup> codes that may be relevant for Merck products and administration.

- CPT codes are effective as of January 2021 as set forth in the Current Procedural Terminology 2021

The information provided here is compiled from sources believed to be accurate, but Merck makes no representation that it is accurate. Consult the relevant manual and/or other guidelines for a description of each code to determine the appropriateness of a particular code and for information on additional codes. This information is subject to change. Merck cautions that payer coding requirements vary and can frequently change, so it's important to regularly check with each payer as to payer-specific requirements.

You are solely responsible for determining the appropriate codes and for any action you take in billing. The information provided here is not intended to be definitive or exhaustive, and is not intended to replace the guidance of a qualified professional advisor. Merck makes no warranties or guarantees, expressed or implied, concerning the accuracy or appropriateness of this information for your particular use given the frequent changes in public and private payer billing. The use of this information does not guarantee payment or that any payment received will cover your costs. Diagnosis codes should be selected only by a health care professional.

Brand	CPT Code <sup>1,2,*</sup>	Dose	Description	NDC <sup>3,†</sup>
 <b>GARDASIL.9</b> Human Papillomavirus 9-valent Vaccine, Recombinant	90651	0.5 mL	1 dose x 10 vials 1 dose x 10 prefilled syringes	0006-4119-03 0006-4121-02
 <b>M-M-R<sup>®</sup> II</b> Measles, Mumps, & Rubella Virus Vaccine Live	90707	0.5 mL	1 dose x 10 vials w/diluent	0006-4681-00
 <b>PedvaxHIB<sup>®</sup></b> [Haemophilus b Conjugate Vaccine (Meningococcal Protein Conjugate)]	90647	0.5 mL	1 dose x 10 vials	0006-4897-00
