

# 6 Tips for Pharmacists to Help Get Eligible Patients Vaccinated

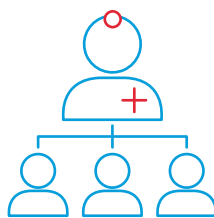

Strengthening the Vaccine Provider Network

## 1 FLAG THE BAG

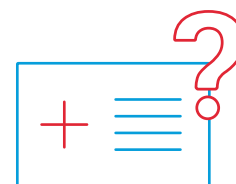

Flag the bag to identify patients eligible for vaccination

## 2 DELEGATE

Delegate tasks to staff as appropriate to allow yourself time to talk with patients

## 3 ADDRESS CO-PAY CONCERNS

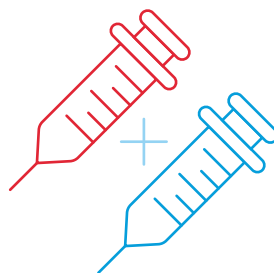

Understand insurance reimbursement options and address patients' vaccination co-pay concerns

## 4 SHARE 4

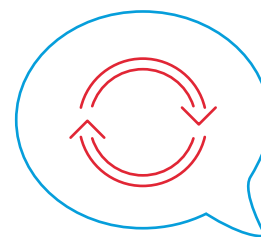

Shape a clear and personal recommendation

## 5 DO 2 IN 1

Discuss administration of 2 vaccines in 1 visit, when applicable

## 6 REPEAT YOURSELF

Repeat recommendation discussions to ensure eligible patients get vaccinated
